ITCHED 12 YEARS

Suffered Terribly from Eczema which Made Hands and Feet Swell, Peel and Get Raw -Arms Affected, Too - Gave Up Hope of Cure.

USED CUTICURA AND WAS QUICKLY CURED

"I suffered from eczema on my hands, arms and feet for about twelve years, my hands and feet would swell, sweat and itch, then would become callous and get very dry, then peel off and get raw. I tried most every kind of salve and ointment without success, only got temporary relief. As soon as I would leave off using them I would be as bad as ever. I tried several doctors, took arsenic for two years and at last gave up thinking there was a cure for "I suffered from eczema on my hands, gave up thinking there was a cure for eczema. A friend of mine insisted on my trying the Cuticura Remedies but, supposing they were the same as other 'cures' I had tried, I did not give them a trial until I got so bad that I had to do something. I secured a cake of Cu-ticura Soap, a box of Cuticura Oint-ment and a bottle of Cuticura Resolvent and by the time they were used I could see a vast improvement and my hands and feet were healed up in no time. I used several bottles of Cuticura Resolvent. This was over a year ago and have had no trouble since. I think I am entirely cured. Charles T. Bauer, R.F.D. 65, Volant, Pa., Mar. 11, 1908."
